Fresh Fruit De Luxe

By Frances Lee Barton

WITH canned goods obtainable in limited quantities and thus held for emergencies or busy-day meals, we should fill our recipe files with tested recipes calling for fresh fruits and berries. Serve these healthful foods in new forms. Serve them regularly. Here is one excellent suggestion for a "starter":

Fresh Fruit Tapioca

2 cups sliced mixed fruits, sweetened; 2½ cups fruit juice and water; 4 to 5 tablespoons quick-cooking tapioca; ½ cup sugar; ⅛ teaspoon salt; 1 to 3 tablespoons lemon juice.

Let sweetened prepared fruit stand ½ hour. Drain; add water to juice to make 2½ cups. Combine tapioca, fruit juice and water, sugar, and salt in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Add fruit and lemon juice. Cool, stirring occasionally—mixture thickens as it cools. Chill. Makes 6 to 8 servings.

Four series of red stamps in War Ration Book Two — a total of 64 points — become valid at weekly intervals starting May 30 and will be good for consumer purchases of rationed meats and fats through June 30, the OPA has announced.

The schedule of validity dates for the stamps is as follows:

Stamp	Validity Date	Expiration Date
K (16) points)	May 30	June 30
L (16 points)	June 6	June 30
M (16 points)	June 13	June 30
N (16 points)	June 20	June 30

PREPAREDNESS PLAYS ITS PART IN HOSPITALITY

Are you prepared, if friends drop in tonight, to extend full hospitality as you'd like to do?

No doubt, like the great majority of folks, you've had to "cut down" on the number of times you can have guests for dinner, due to the rationing of foods. But when friends come to your home, it's the thoughtful host who can offer a friendly beverage to honor the occasion.

It's important, too, to remember quality — serve the better, advertised brands of liquors, wines, beers and mixtures featured at the

A 75 PER CENT RUML PLAN

All of life is a compromise, some philosopher once observed, so it is not to be wondered at, perhaps, that Senate and House conferees—heretofore at loggerheads on pay-as-you-earn tax legislation—have come up with a compromise program which one congressman characterized as "75 per cent of the Ruml Plan."

The new program, which has an excellent chance of becoming law, wipes out an entire year's Federal income tax for those whose total bill for the year amounts to less than $50. There are more than 2,000,000 taxpayers in this category. For other taxpayers, the compromise proposal abates three-fourths of a year's obligations, the remaining fourth to be paid in two annual installments. It also imposes a 20 per cent withholding levy against the taxable portions of wages and salaries, effective July 1.

Provisions of the new plan are almost identical with provisions of the Ruml Plan, except that the Ruml Plan would have abated 100 per cent of a year's taxes for all taxpayers, while this plan grants a 100 per cent abatement to some, and 75 per cent to others. The thoughtful citizen may regret that there was so much sophistry and hypocrisy in the Washington debate on the tax issue, for if the Ruml Plan was wrong, 75 per cent of the Ruml Plan is just as wrong. Actually, of course, the plan was and is sound, but it had the misfortune of falling afoul of partisan politics.

At any rate, taxpayers, who have not known what to expect, or when to expect it, will breathe a sigh of relief that a program has been agreed upon. Virtually everyone recognizes that some action is vitally necessary to get taxpayers on a current basis, as a safeguard against the day when war boom earnings will suddenly evaporate, and if the program achieves that objective it will be a considerable aid to post-war adjustment.

BONE OF CONTENTION

The long-standing controversy between consumer, processor, and retailer, as to the value of grade labeling, has finally been settled by OPA. Under the new order, grades must be indicated on invoices every time the cans change hands until they reach the retail stores, but they will not have to be stamped on the labels.

This controversy, a run-of-the-mill peace-time argument has been on the docket for four months past, and Mr. and Mrs. Consumer have been inclined to ask, "What's all the shouting about?"

After all, brand names are the old reliables, to the consuming public, who wouldn't really want to have to worry about whether it was buying grade A, B, or C if it knew that the flavor was that good, familiar taste of peaches, pears, peas or what have you.

The argument originated with professional consumers. The canners insisted that such rules would confuse housewives and have a tendency to rob processing of its "initiative and enterprise." The canners also feared that grading would tend to destroy the goodwill built up in advertising. Finally OPA grasped the extent of additional expense and labor involved in developing and printing new labels now, when a record food production must be pushed.

The OPA promised consumer groups an educational program for explaining to housewives the grades in canned goods. But it is to be hoped that we won't be bothered with such minor details of living at this time. Reforms should not turn into rackets. When the war is won, we'll be more interested in the exact quality of every morsel we take into our mouths. Just now, we are glad to get a morsel, whether A, B, or C.

Councilmen Adopt Resolution Providing For Reduced Rate On Water Used To Grow Vegetables For Home Consumption

To encourage the establishment of Victory gardens in Daly City and the growing of fresh vegetables to help meet the food shortage, a resolution adopting a reduced water rate to residents of the community for water used in their gardening was unanimously adopted at Monday night's council meeting at the city hall.

Other important business transacted included the granting of one more 10-day stay of condemnation proceedings against the Haskins' properties, 6951-95 and 5 and 7 Bismark streets; the acceptance of the resignation submitted by Mrs. Irene Bartel, popular Water department employee who plans to join her husband, who has been transferred to Seattle; disposition of the tin moneys account which has been kept on the general city books but which should be in a separate trust fund in the eyes of the council and committeemen involved; and the signifying of the entire council's intention to attend and cooperate with the open house program at the Daly City Servicemen's club, Saturday evening, May 29.

A. R. Haskins, proprietor of the property under fire, was present at Monday night's meeting and declared he could have all major repairs and corrections necessary under health and sanitary regulations made at the end of the 10-day period. A motion, made by Councilman Eugene V. Lynch, was unanimously passed granting the 10 days but stipulating that, if at the end of that time Haskins had not brought the properties into such condition that they could pass a reinspection by city and county health officers, the city attorney would be instructed to start eviction proceedings at once.

The resolution, No. 832, which will grant special reduced rates to residents maintaining Victory gardens, was unanimously passed, Monday night. It applies only during the season 1943 for water used within the city for growing vegetables for home consumption. The rate was established subject to the following limitations, rules and regulations:

1. maximum allowance for such garden usage to which special rate will be applied will be limited to the volume of water computed to the nearest 100 cubic feet on the basis of a 2 foot depth over the actual area of ground devoted to vegetable growing, providing that such special rate shall not be applied to any garden less than 100 square feet in area. The reduction allowed for such special rate shall be 15 cents per cubic foot of water used on the basis provided.

2. to secure benefit of the special rate, the consumer must make written application to the water department for such special rate after garden is laid out and planted. A representative of the water department will measure and determine to the nearest 100 cubic feet the volume of water to be allowed for such garden. All applications must be made on or before July 1, 1943, and none will be considered thereafter.

3. all water bills will be computed on the basis of the regular established meter rates and the special rate will be provided by the application of a credit to the regular bill at the rate of 15 cents per 100 cubic feet for the value of water allowed for Victory Garden purposes. The credit allowance so computed will be the total allowance for the premises for the season and will be applied on the water bills for the month next succeeding the granting of said application and subsequent bills thereafter until the total credit allowance has been used up. Only one credit will be allowed on one property during the season.

4. the special rates will not apply to commercial gardens or to properties outside the city limits.

5. if new service is installed for Victory gardens it shall be considered temporary and subject to all the usual rules and regulations.

6. where use of the garden area is abandoned or discontinued the water department is given the right to cease application of further credit allowances to the consumer.

Full details of the program will be enclosed with the next set of water bills sent to local consumers.

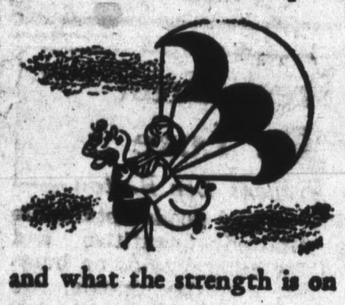
READING & WRITING

BY *Edwin Seaver* AND *Robin McKown*

HILARY ST. GEORGE SAUNDERS is probably the most widely read author in the modern world, and yet his name has seldom, if ever, appeared in print—either on the title page of his own books or elsewhere. He is the author of the official British Government reports on the various branches of the British fighting services, with such books as "Bomber Command," "The Battle of Britain" and "Coastal Command" having sold well over 12,000,000 copies. Since all his works are official British publications, all of them have been published anonymously, under the British Government seal. The latest in the series, "Combined Operations," the complete story of the Commandos to date, is the Book-of-the-Month Club selection for June, along with Isak Dinesen's "Winter's Tales."

Hilary St. George Saunders

Saunders is said to know more about the progress of the war than even Winston Churchill. As official recorder for the Combined Operations Command, headed by Lord Louis Mountbatten, he is the recipient of all reports from land, sea and air forces engaged in raiding enemy territory throughout the world. It is his job to correlate these reports into the picture of the war as a whole, and to keep his records straight he has to know what's going on not only along the coasts of France, Belgium, Holland and Norway, but also on such far flung coasts as New Guinea, North Africa, China, Iceland and India. It is said that Saunders can put his finger on any spot on the globe and know precisely what forces, both Allied and Axis, are engaged, and what the strength is on each side.



"Combined Operations" takes the story of the Commandos from the time they were first organized, after the British evacuation at Dunkirk, up to what the author calls the greatest Combined Operation yet to have been staged in the war, the landing in French North Africa. He details the training and experience each man has to go through in becoming a Commando and, with maps and pictures, shows precisely what took place before, during, and after each raid.

One of the curious notes Saunders points out in "Combined Operations," along with his thrilling descriptions of the actual raids, is that the official song of the British Parachute Troops is "Come Sit By My Side If You Love Me." Another odd thing the Commandos discovered was that one of the first objectives on Madagascar was a point of land bearing the name of Windsor Castle—the same name as that of the residence of the British Royal Family.

And in the raid at St. Nazaire, during the course of which H.M.S. Campbeltown was deliberately blown up to block a harbor gate, the French citizens of the town, thinking the British were actually staging a full scale invasion, turned on their Nazi oppressors. One little old lady was later quoted as saying that she saw her duty and did it, despite the weight of the flower pot.

Featuring garden specials

It's time by the calendar to begin featuring garden specials on the menu and save those canned goods for future days. These garden specials can well be served as double-duty foods, for they can be both the main course and the vegetable course . . . time-savers and appetite-satisfiers all at the same time.

SAVORY STUFFED TOMATOES

Wash tomatoes, slice off stem end and scoop out the center leaving a tomato cup. Chop pulp and mix with any of a number of foods such as chopped left-over meat, shredded cheese, mashed hard-cooked eggs, precooked vegetables, and or bread crumbs. Season to taste and refill tomatoes. Place in a greased baking dish and bake in a moderate oven (375°F.) for about 20 minutes or until tomato cups are tender. A grand way to use up left-overs and still have a tempting dish.

SPINACH SCRAMBLE

Cook fresh spinach until just tender, cut finely, and add to scrambled egg mixture. Scramble eggs as usual. Serve hot as hot with tomato wedges for garnish. Tasty, attractive and certainly satisfying.

CARROT LOAF

Steam 2 cups coarsely shredded carrots in just enough water to cover bottom of pan. While still hot, combine with 1½ cups soft bread crumbs, ½ cup peanut butter or finely ground nut meats, grated onion or onion juice, and salt and pepper to taste. Stir in 2 well-beaten eggs to bind ingredients together. Pack into greased loaf pan and bake in moderate oven (350°F.) for about 30 to 40 minutes or until firm. Unmold, slice and serve as you would meat loaf. May be topped with a peanut butter white sauce.

FILLED SUMMER SQUASH

Cook small, whole squash until tender, split while still hot and scoop out pulp. Mix pulp with ground left-over or fresh meat, a touch of sage, cracker crumbs, salt and pepper to taste, and enough evaporated milk to hold ingredients together. Refill squash, place in baking dish with just enough water to cover bottom of the dish, and bake in moderate oven (350°F.) for 30 minutes or until meat is cooked and squash is slightly browned.

MILO'S MARKET DE LUXE

6315 MISSION ST.

FEATURED MEATS

For the best in fresh and cured meats, our department in Milo's is justly noted among Daly City food shoppers. Choice cuts of the better grades of meats are always available at competitive prices.

We'd like to suggest some of the following featured items for your week-end menus:

Point Values		*Per Pound*
(8)	**RIB STEAKS** Selected A Grade Baby Beef	43c
(3)	**LAMB STEW** AA Grade Swift's Premium	24c
(5)	**GROUND BEEF** Ground From Select Cuts of A Grade Beef	33c
(1)	**PIGS' FEET** Large and Meaty	12c
(6)	**VEAL CHOPS** Milk Fed Veal	36c

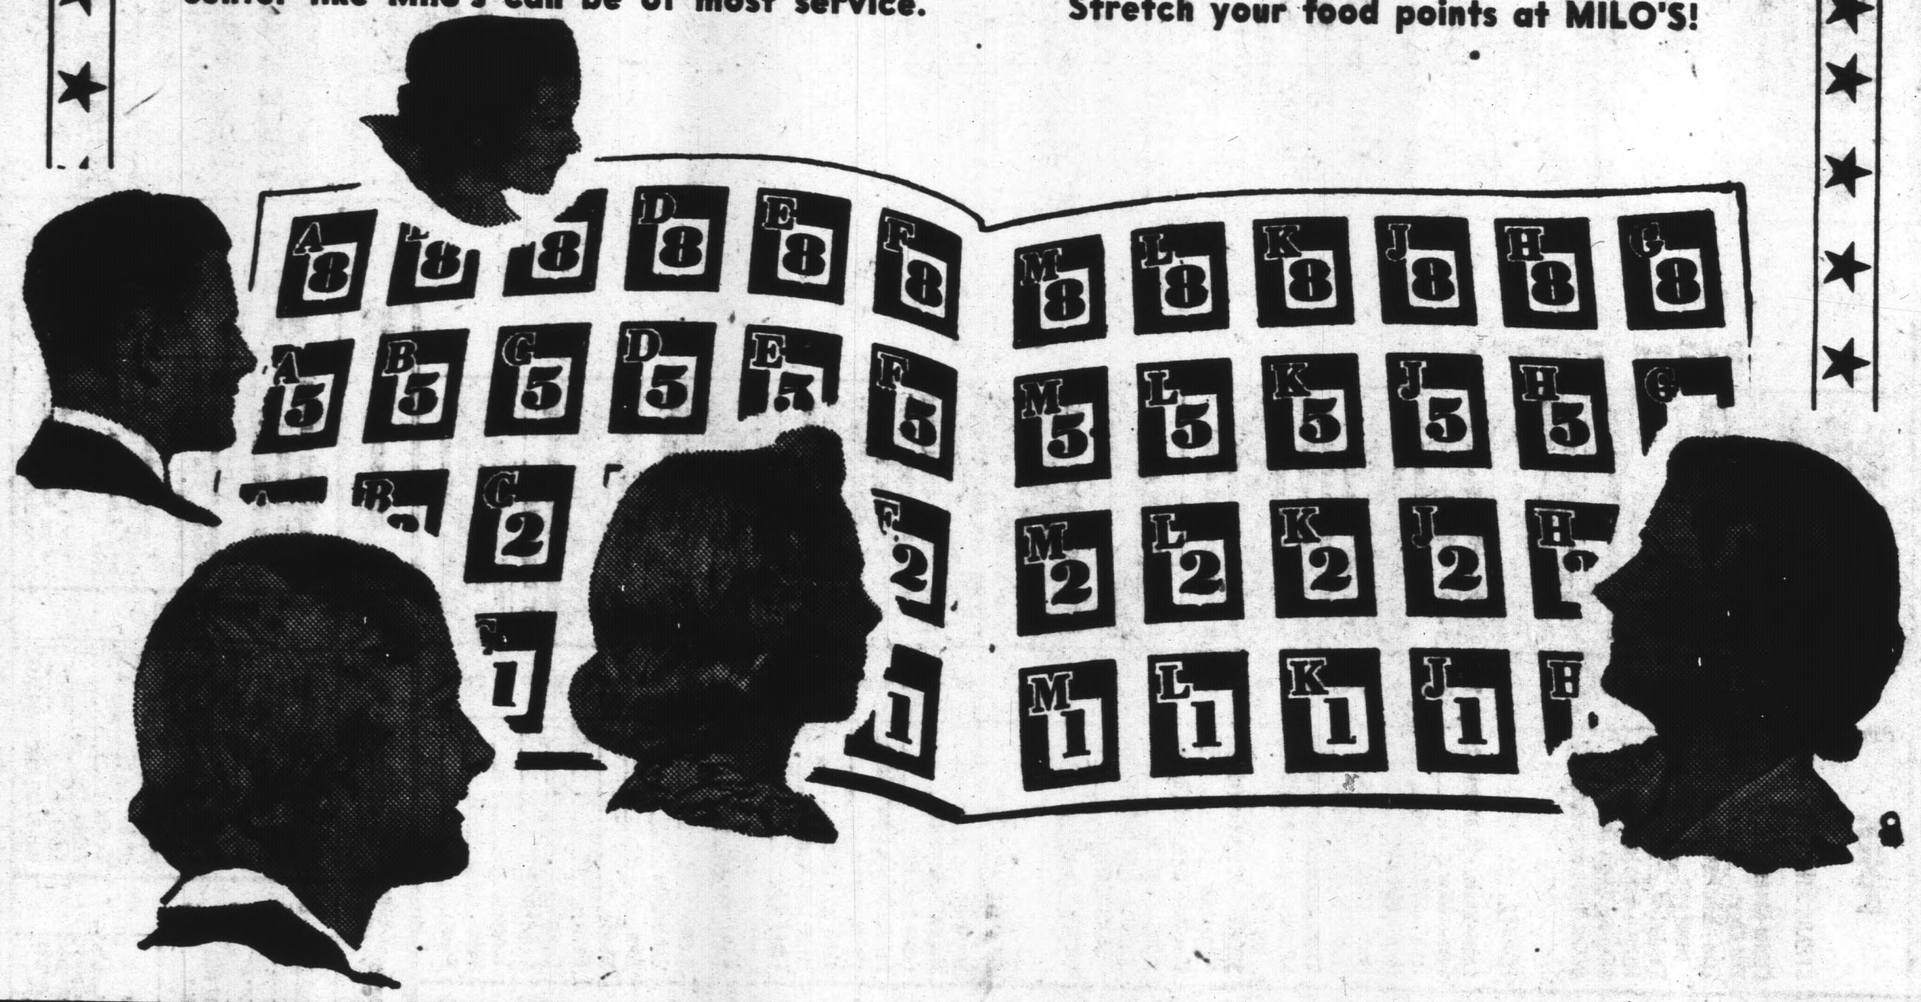
THAT'S ALL THE POINTS YOU GET!

No matter what your financial status, rich or poor, you cannot buy more rationed foods than your equal share. Your allotment is no more than your neighbor's, whether he is a banker or a laborer.

So you must spend points wisely—plan your purchases to provide well balanced meals throughout the rationing period. That's where a really BIG food shopping center like Milo's can be of most service. Let us advise how to best care for your family's needs.

Our food shops are all combined in one big, modern center, saving time and extra steps. All departments are here — quality groceries, select poultry and fresh fish, seasonal fresh vegetables and fruits, and a really big selection of kinds and cuts of fresh and cured meats.

Stretch your food points at MILO'S!



FARM - FRESH
FRUITS AND VEGETABLES

Give your family the finest natural foods in their most healthful form—crisp, nutritious vegetables and energy-packed fruits, fresh from the growers' markets.

With the produce season at its height, your selection of these foods is almost unlimited. Practically every type of vegetable and fruit is now featured in our big market.

Save your ration points by purchasing these foods fresh — and conserve processed goods for the use of our armed forces all over the world.

●

HOUSEWIVES—vary your menus and stretch meat allowances by serving our select POULTRY and FRESH FISH often. Your family (and your budget) will appreciate the change in fare.

Help Them Do Their Part!

If you are aiding the government's program of food production at home by raising Poultry, Rabbits, Pigeons or livestock, be sure you are doing it as well as possible.

For best results, use ALBERS or A-1 specialized feeds to help them through the various stages of growth, and for maximum egg, milk or meat production.

Some of the many feed mixes designed for specific results include: Baby Chick Starter, Growing Chick Mash, Chick Scratch, Start To Finish Mash, Utility Egg Mash, Laying Mash, Milk Control Mash, Calf Food, Rabbit Pellets and Pigeon Feed.

We also stock fancy new green Alfalfa Hay, whole and milled grains, brick salt, oyster shell, charcoal, poultry and livestock remedies.

LUCCA MEAT MARKET

HOURS: 9 A. M. to 6 P. M.

You can protect your family's allowance of ration points, and your household budget of dollars and cents, by making your purchases at LUCCA'S MEAT DEPARTMENT. Our long-time policy of looking after the best interests of Daly City and Colma families is all to your advantage.

THERE ARE GOOD REASONS

WHY MEAT PLAYS A BIG PART IN THE MENUS OF ALL BRANCHES OF THE SERVICE

Meat is necessary to provide the body fuels for quick, hard action such as our servicemen undergo. It makes them stronger, more rugged, and aids quick, clear thinking in "tight" spots.

Civilians need these qualities in foods too, especially in war time. Get your full quota by buying prime quality cuts of good meats at the FARMERS MARKET.
